

SCHEME OF WORK FOR THE WORKSHOP WITH

**LOUISE CARTWRIGHT**

ON **LAND DENMARK**

28. FEBRUARY – 2. MARCH 2014

#### **WORKSHOP OVERVIEW**

During three interactive and information-filled days, Permakultur Danmark will be offering a training to enhance your skills as a permaculture LAND advisor and LAND centre and designer and add skills to your CV.

#### **TARGET GROUP**

The training is suited for people who have taken a PDC and are interested in developing the LAND network in Denmark.

#### **WORKSHOP OBJECTIVES**

The training is an important step to build capacity in Denmark around the LAND network. The objectives include:

- to give an overview of the Permaculture Design Process,
- to give LAND key participants the methodology to assess LAND center and starters,
- to strengthen and expand the budding LAND network,
- to provide the opportunity to discuss the permaculture LAND network with others.

#### **LEARNING OUTCOMES**

*By the end of the training participants will;*

1. Understand how the Permaculture Association is evolving in Denmark and contribute to discussion about its future development,
2. Understand the procedures associated with the UK LAND project,
3. Understand the preformat for LAND applicant site assessments,
4. Have practical experience of LAND applicant site assessment with the ability to replicate the outlined procedures,
5. Contribute to the wider scheme of work for the Danish LAND project.

## **METHODS OF DELIVERY**

The design for the training will be very participatory. Any questions that participants will want to raise are welcome at the appropriate sessions. Louise Cartwright will facilitate the sessions so all participants' comments and suggestions are taken into account.

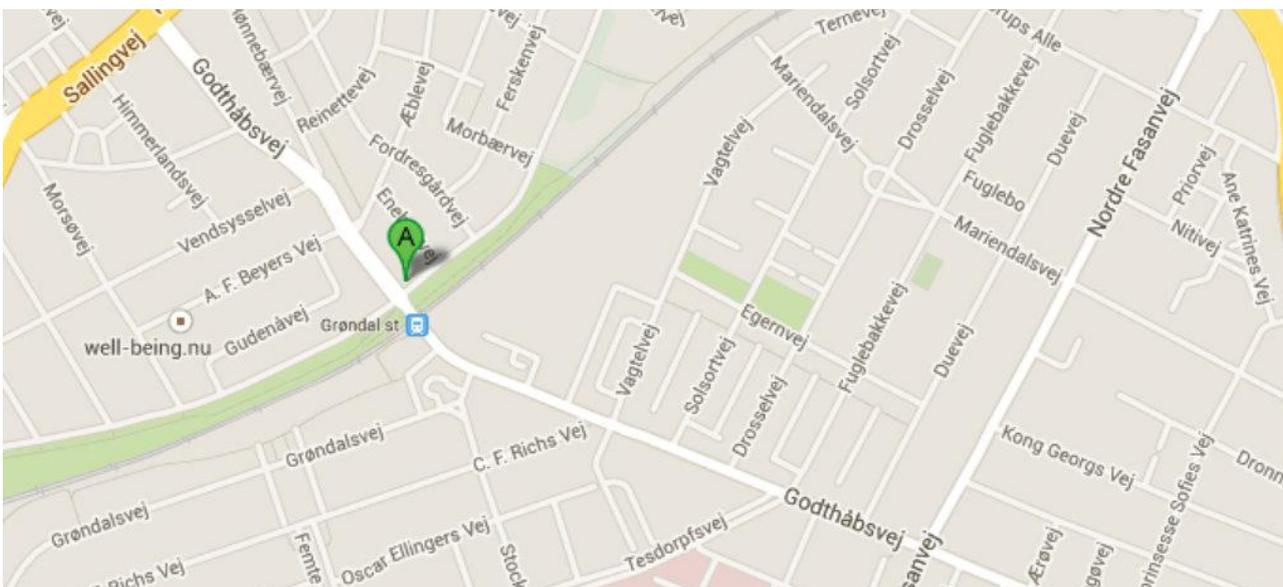

## **ASSESSMENT STRATEGY**

The training will use two LAND applicants for assessment of their LAND centre status. The two LAND applicants will write their applications for the workshop participants to aid assessment. The assessments are done on site with the LAND applicants and workshop participants.

## **VENUE**

Den Grønne Dal, Godthåbsvej 182, 2720 Vanløse

Next to Grøndal S-togsstation

## THE PROGRAMME (CAN CHANGE)

### DAY ONE: FRIDAY 28. FEBRUARY

Time	Activity
09:00	Arrivals and Registration
09.30	Introduction and Outline of the Training
09.45	What is a real permaculture project?
10.45	An overview of the Permaculture Design Process
11.45	Break
12.00	History of the Learning and Network Demonstration (LAND) project in the UK <ul style="list-style-type: none"><li>• Past, Present and Future</li><li>• Overview of the Permaculture Association in Denmark</li></ul>
13.00	Lunch
14.00	Group Skills Audit <ul style="list-style-type: none"><li>• Discussing skills within the group and how these can be used to strengthen the Danish Permaculture network.</li></ul>

16.15	Open Session
16.45	Close

### DAY TWO: SATURDAY 1. MARCH

Time	Activity
09:00	Introduction and Outline of the day
09:15	How will the LAND project function in Denmark? <ul style="list-style-type: none"><li>• Exploring roles and responsibilities of stakeholders, and</li><li>• Discuss how the LAND project in Denmark will differ from UK LAND</li></ul>

10:45	Break
11.00	Learning how to assess LAND Centre and LAND Learner applicants, <ul style="list-style-type: none"> <li>• Do's and don'ts for site visits,</li> <li>• Looking after Zone 00</li> </ul>
12.00	Travel to LAND applicant site
13.00	Lunch at LAND applicant site
14.00	Overview of UK Site Visit Proforma
14.30	Site Assessment of LAND applicant – with Louise
15.30	Break
15.45	Site Assessment of LAND applicant 'Continued' – with Louise
16.45	Open Space
17.00	Close

### DAY THREE: SUNDAY 2. MARCH

Time	Activity
09.00	Assemble at LAND applicant site
09.30	Overview of Site Visit Proforma
09.45	Site Assessment with host project – with students
11.15	Break
11.30	Comments and feedback from group
12.30	Summing Up and Next Steps
13.00	Lunch
14.00	Close

## A SHORT DESCRIPTION OF LOUISE CARTWRIGHT

Louise Cartwright worked as the Network Coordinator of the Learning and Network Demonstration (LAND) project at the Permaculture Association in England for 4 years. Louise managed and coordinated the network, with no engaged projects in 2009 to over 90 in 2012, exceeding all project outcomes by the end of 2011. As the coordinator she redesigned one of the main project outcomes to create LAND Learners, a subgroup within the project, reallocating part of the budget to employ professionals to provide design support for new entrants into Permaculture.

Louise has a history of local food production; she set up Kippax Community Supported Agriculture, a vegetable box scheme, growing organic produce for an active membership base of 13 families from scratch and ran it with her partner for four seasons. Whilst studying a MDES in Product Design at Leeds University, Louise also coordinated a vegetable box scheme in partnership with a resident grower for 44 families on a weekly basis, delegating tasks to volunteers.

Louise currently resides in Llanfair Clydogau Mid Wales and works as the Mid Wales Development Worker for the Federation of City Farms and Community Gardens as well as working with the National Botanic Garden of Wales as a horticultural trainer.

*LAND Denmark is supported by "Puljen for Grønne Ildsjæle" under the Ministry of Environment, Denmark.*
